公司简介 COMPANY BRIEF

广东钜宏科技股份有限公司最早成立于1999年，专业从事工业洁净室及光伏新能源建设，注册实缴资本1亿元人民币，公司现有员工400+人，其中研发和工程技术人员210+人，2022年公司完成营收人民币8.3亿元。洁净室、新能源——钜宏股份将不断提升核心竞争力和持续经营能力，稳步向前发展。

Guangdong JHCRC Cleanroom System Co., Ltd., established in 1999, with a registered and paid-in capital of 100 million RMB, is specialized in industrial cleanrooms and photovoltaic new energy. Currently there are more than 400 employees in our company, including more than 210 R&D personnel and engineering technicians. In 2022, our company achieved a revenue of 830 million RMB. JHCRC will continue to improve core competitiveness and sustainable management capabilities in areas of cleanroom and new energy.

建立华南首个符合美国AMCA通风标准的风洞实验室

In South China, we are the first company that established wind tunnel laboratory complying with America AMCA ventilation standards

通过风洞实验技术模拟在不同环境条件，制定出高效洁净室解决方案，提升FFU、EFU的研发生产及效率。更好地为生物医药、光电、半导体等行业提供高端洁净室系统及品质保障。

- Level 2 electric power engineering construction general contracting (JHCRC New Energy)

公司获得270+项知识产权、230+项专利、30+项软件著作权、注册商标多项

The company has obtained over 270 intellectual property rights, 230+ patents, 30+ software copyrights, and multiple registered trademarks.

核心竞争力

CORE COMPETITIVENESS

01

卓越的设计与技术能力 Excellent design and technical capability

- 获得多项发明专利及40多项专利证书
- 运用CFD、BIM, 专业工程师设计团队70+人
- Obtained multiple invention patents and more than 40 patent certificates
- Professional design team over 70 engineers familiar with CFD and BIM

02

强大的项目管理经验 Strong project management experience

- 稳定的项目经理团队50余人, 25年专业建造工程团队近千人
- 完成洁净室工程面积达260万平米+
- 洁净室全产业链保障体系
- 十余年光伏新能源电站建设经验
- A stable team of more than 50 project managers, Nearly 1,000 employees With over 25 years experience are involved in Our professional construction Engineering team
- Completed cleanroom project area over 2.6 million square meters
- Cleanroom whole industry chain guarantee system
- More than 10 years experience in photovoltaic new energy Power station construction

03

产业链规模化产能优势 Advantages of large-scale production capacity in the industrial chain

- 洁净板材年产200万平米+
- 洁净设备FFU等年产6万台+
- 智控系统年产10000套台+
- Annual output of clean sheets over 2 million square meters
- Annual output of clean equipment FFU and other equipment over 60,000 units
- Annual output of intelligent control system over 10,000 sets

04

与时俱进, 不断创新 Keep pace with the times and continuous innovation

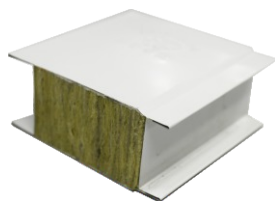

- 建立学习型企业, 不断吸收业内新的知识并加以创新, 提升团队的整体素质, 使中高级职称工程技术人员占比达20%以上, 让公司成为一家科技型、技术型的洁净、低碳、新能源企业
- Establish a learning enterprise, constantly absorb new knowledge in the industry and innovate, improve the overall quality of the team, and make The proportion of engineering and technical Personnel with intermediate and senior professional titles reach more than 20%, making the company a scientific and technological innovation-based, clean, low-carbon, new energy enterprises.

05

完善的供应链保障 Perfect supply chain guarantee

- 基于近25年的诚信经营, 建立了良好的业内口碑和高信用度, 获得各相关供应商的大力支持和认可
- Based on nearly 25 years of integrity management, we have established A good reputation and high credibility in the industry, and have received Strong support and recognition from suppliers and customers
